# Thank You Pictou County for raising over \$180,000!

This year's Summer Street Scramble succeeded in raising over \$180,000. As a result of your commitment and generosity we have raised over \$1,000,000 in the Scramble's 14 year history! We would like to thank every single person involved. Recognizing and appreciating the individual contributions of all members of our community is what Summer Street is all about.

## Why your kindness is so valuable

When you support Summer Street you become actively involved in broadening the horizons of adults with intellectual disabilities. We work together to understand interests, goals and aspirations. Then we explore different avenues that have the potential of moving dreams toward reality. If you drop by Summer Street today you might find people working in one of our small businesses; learning in the computer lab; painting or playing music; answering phones in the office; digging in the garden; or participating in an Employee Council meeting, perhaps discussing the rights of people with intellectual disabilities. No doubt you will also see us working in businesses throughout Pictou County. Your involvement and support are helping Summer Street continuously raise the bar and operate as one of the most progressive and successful organizations of its kind. Thank you Pictou County!

## 2008 Scramble Community Champions

We thank and take our hats off to all (180) golfers who participated in this years Scramble. Your continued support and generosity are simply amazing. We would like to express special thanks and pay tribute to our top fundraising team from CF Construction captained by Craig Fraser. They raised over \$30,950! Craig was the top individual fundraiser edging out Howie Anderson of CIBC Wood Gundy who raised \$28,290. Howie has been our top individual fundraiser for the first 13 years of the Scramble.

Thank you very much to all of our sponsors. All expenses associated with the Scramble are paid for by our sponsors which means that every dollar raised through pledges goes directly to support Summer Street's mission:

*We help people with intellectual disability define their personal goals through exposure, experience and education.*

*We work together to achieve these goals by:*

- providing academic, life skills and vocational training
- employing people through Summer Street business ventures
- facilitating employment opportunities in the community

*We partner with people with intellectual disability, those closest to them and the community to provide enrichment and opportunity for all.*

Tournament winners CIBC Wood Gundy team Donnie MacGillivray, David Whittemore, John George Forbes, Manoj Vohra, and Howie Anderson
